We will be implementing a new bird policy this year. Unfortunately due to a significant loss on bird costs over the past few years it has become necessary to change the way birds are handled in order to reduce costs.

Bird Packages: Depending upon your dog's level, we have designed bird packages as follows:

Natural Ability: Per dog per day

This includes: 3 Quail

The use of a Chukar for tracking

Utility Preparatory: Per dog per day.

This includes: 3 Quail

½ of a Duck

Utility: Per dog per day.

This includes: 2 Quail

1 Chukar

½ of a Duck

Additional Birds: A limited number of additional birds will be available for purchase onsite and you may also pre-order additional birds in advance to guarantee availability.

The cost for additional or individual birds will be as follows:

Quail: ***\$7.00***

Chukar: ***\$10.00***

Ducks: ***\$ 16.00***

Please bring a container for your birds each day (*small cat carriers work well, or bird bag.*)

Field birds will be handed out at the beginning of the day and ducks will be handed out prior to water work. Chukar used for tracking will be handed out to the NA instructor of the day. All birds will be handed out by a game steward and he or she will be the only one with access to the birds for the remainder of the day. For additional birds you will need to see him or her and they will fill your request and record your purchase.

There will be absolutely no refunds on bird orders once they are placed.
